

## **You are invited to attend Blach School's Parent Connection!**

Parent Connection is an informal gathering of parents and teachers who meet to discuss pertinent topics related to our children. The forum for the meeting is one of group discussion. Our goal is to understand the issues that our children are facing in middle school, so that we can be better prepared to help them. The meetings are for adults only and no RSVP is required.

Our first 2 sessions on Transitioning to Middle School and Study keys was well attended with spirited dialogue. I look forward to lots of great questions and information again! Join us, and bring a friend! Next up:
