

Organization and Problem Solving

- ~ *Read* the problem *assiduously*
- ~ What *question is being asked* ?
- ~ Is there *enough information* to solve the problem ?
- ~ Would a *picture/diagram* help ?
 - ~ *Analyze* possible solution strategies
 - ~ Select *solution strategy*
 - ~ *Estimate* the solution if possible
- ~ Solve the problem - *check* it against your estimate
- ~ Is your answer *reasonable* ?
- ~ Has the *original question* been answered ?
- ~ Could you have selected *a better strategy* ?
